

# **GRIP@TSF Task 3**

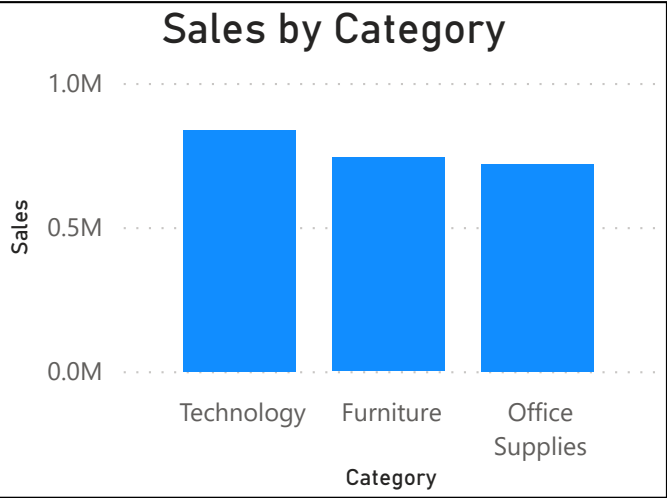

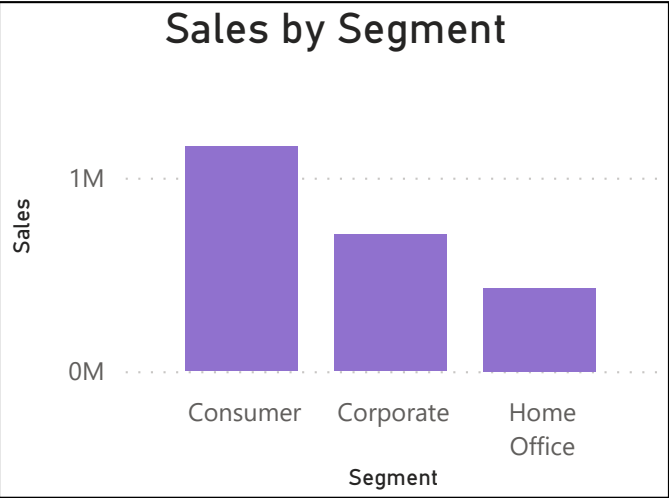

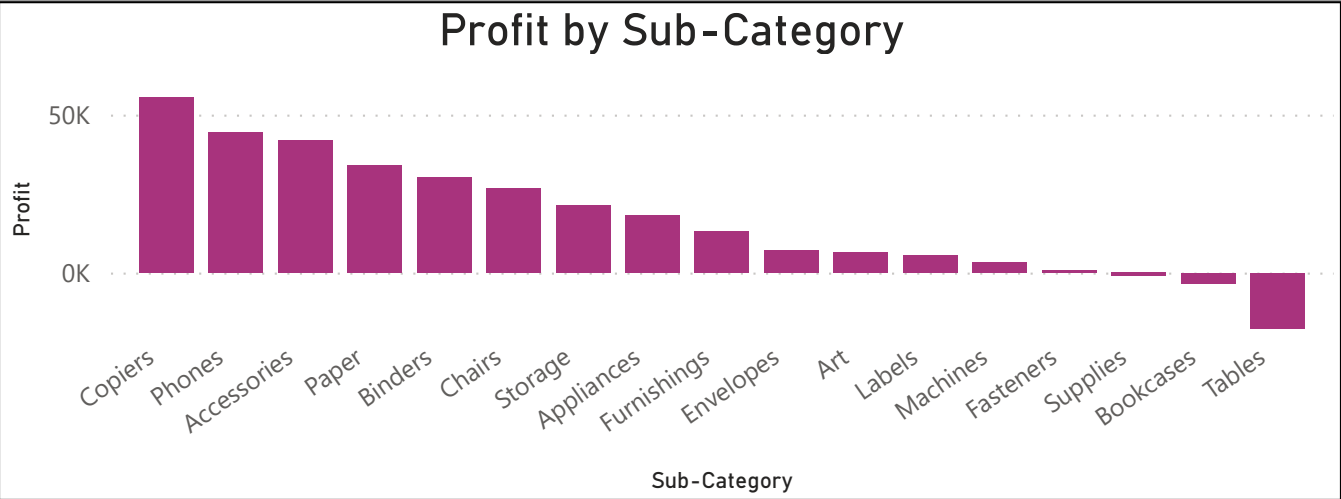

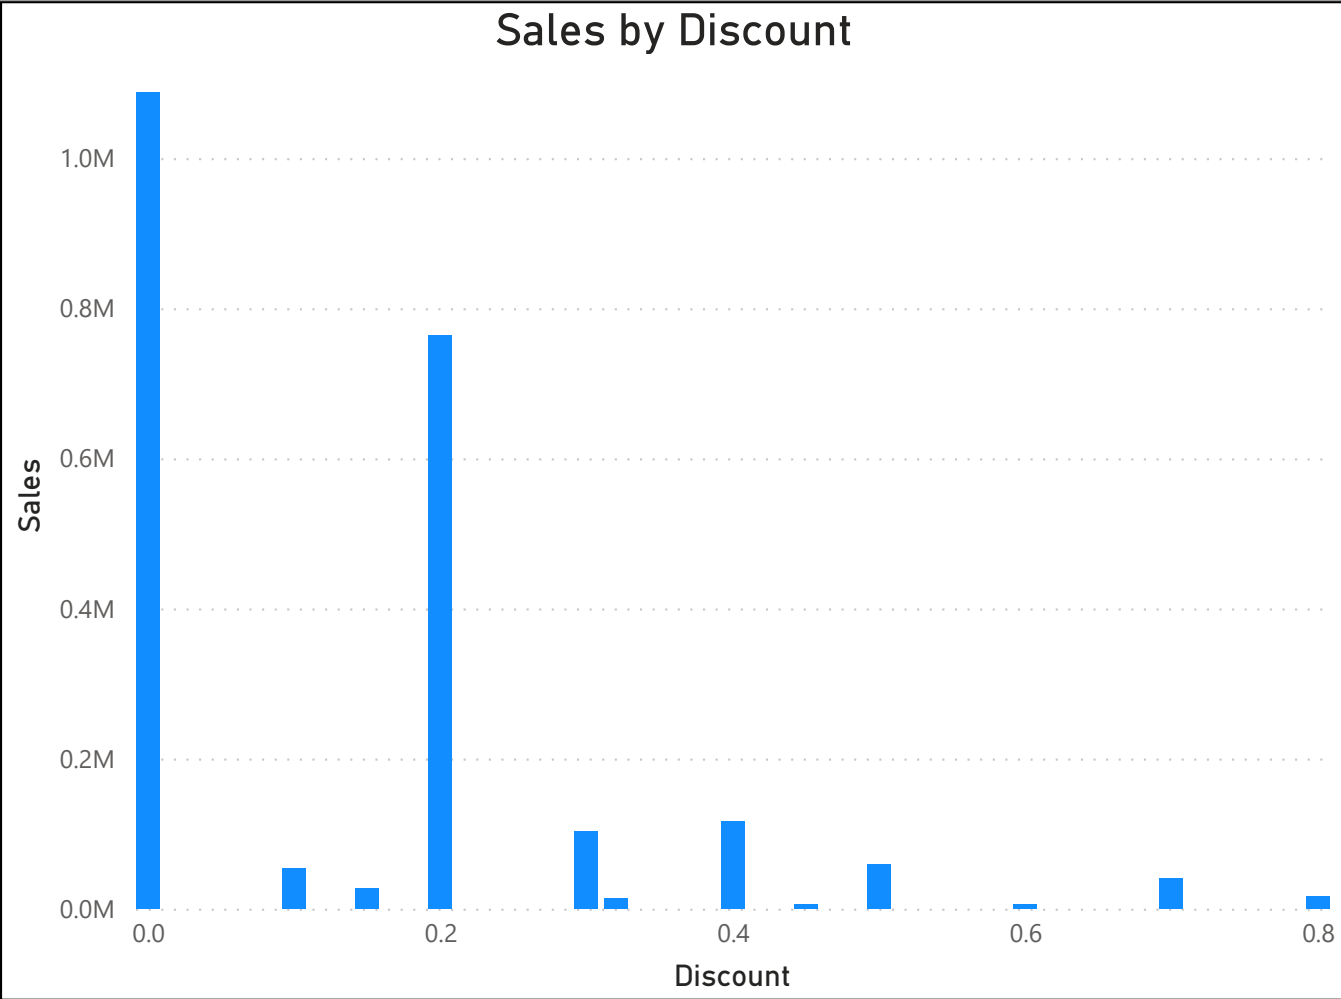

## **Exploratory Data Analysis - Retail** **(by RANVEERKAR SHREYAS SURESH)**

1. Perform 'Exploratory Data Analysis' on dataset 'SampleSuperstore'.
2. As a business manager, try to find out the weak areas where you can work to make more profit.
3. What all business problems you can derive by exploring the data?

**Create the dashboards and/or storyboard**
